## Case Narrative

On the above date and time I responded to a missing person broadcast off Bismarck tower. Trooper Mehlhoff responded to the call as well and located the missing person on I-94 at MM 161. Trooper Mehlhoff made arrangements with the subjects daughter Christina Fox. I arrived at Trooper Mehlhoffs location and took custody of Larry. Trooper Mehlhoff left the scene and I waited with Larry for his daughter.

While we waited for his daughter Larry mentioned several times that he was worried about his daughter Christina spending his money. He mentioned going to a bank in Belcourt to make sure he still had his money. Larry appeared coherent and aware of the conversation that we were having and was aware of what he was doing by going to Dickinson to visit friends.

Christina arrived on scene and I walked Larry to her vehicle. While walking Larry to the car I smelled the odor of alcoholic beverages coming from Christina, but was not concerned because she was not driving. During the brief walk Christina berated her father and said "we talked about this last night and we were going to go to Dickinson after thanksgiving. I felt like she was annoyed having to take care of her father.

I was contacted by State Radio in regards to a missing person from Fargo. Christina Fox reported to Fargo Police Department that her father, Larry Vondall, 44-04-1822 and was en route to Dickinson from Fargo. She was tracking Vondall by the GPS on his phone. He wouldn't answer his phone though. I spoke with Fox on the phone and she explained that her father lived with her and suffered 44-04-1822. She stated that he wasn't driving since he left his vehicle at home. She stated that she was following her father in a vehicle and that she was in Jamestown. She stated her father's last GPS coordinates were around MM 182 on I-94 traveling westbound. She thought he might be traveling to Dickinson. She didn't have a vehicle description. I ran Vondall's driver license information and got his picture off of that. I sat east of Bismarck waiting to see if I could see Vondall as a passenger in a vehicle.

At 15:32, I saw a black Ford Explorer drive by and saw Vondall in the passenger seat. At that time, Vondall had been entered into NCIC as a missing person. I activated my red emergency lights as the vehicle exited at Exit 161. The driver, David Preciado, pulled to the side of the road. I approached the vehicle and explained to Vondall that his daughter was looking for him. Vondall stated he didn't have 44-04-1822. Vondall stated he was just going to Dickinson to visit. He stated he was going to Eileen's. He said he was just going to visit a little bit and then head home. Preciado stated that he picked up Vondall at a gas station in Fargo and was just giving him a ride. I obtained Preciado identification and returned to my vehicle with Vondall sitting in the front of my vehicle. I ran Preciado's driver license history out of Arizona and he came back Suspended. Preciado stated that he was speaking with Vondall and he seemed coherent. He stated his phone kept ringing. I cited him for Driving Under Suspension and had him sign a promise to appear on the charge. Preciado has a Mandan address. He was also cited for not having insurance with him. He secured the vehicle and walked to the gas station to wait for his ride that he called.

I had a conversation with Vondall while in my vehicle. He seemed quite coherent. He knew his name and birthday. I called Fox on the phone so she could talk to her Dad. Vondall stated he told her that he was going to Dickinson. He told his daughter that he didn't mean to worry her. He apologized to his daughter. His daughter told him on the phone that they were going to go to Dickinson for Thanksgiving. I contacted State Radio and had them contact Fargo PD to cancel the missing persons report. Vondall asked if I was going to take him back to Fargo. I told him his daughter was coming to get him. Vondall stated he lived with his daughter. He said he still had a Ford F350. Vondall joked about that he had to quit screwing up so much. He said he met the driver at the gas station. He stated he wasn't hitchhiking this time. He stated he did a lot of walking. He stated he had some issues he had to sort out. He stated he gave his debit card to his daughter to buy groceries and that she got a little carried away with the card. He stated he didn't remember the last time he was at the doctor. He stated he wasn't senile but just determined. He stated he use to live in Dickinson and that he helped with farming. He stated he enjoyed being busy and not sitting around doing nothing. He said his daughter was taking up too much of his money and that it bothered him. He said he wouldn't do this again. Vondall stated he wasn't getting worried about what was going on. He didn't think though that his daughter would do anything. He said she took his debit card and all his identification a while ago.

I completed an abuse and neglect form online with North Dakota Human Services in regards to possible financial exploitation.,
